**Software Developer /
Visual Communication Designer**

Santa Fe, Argentina — 2026

Hello, I'm Román.

Software developer and visual communication designer, with a focus on web development and multimedia design.

I have a university background in Visual Communication Design (FADU–UNL) and I am currently in the final stage of a Higher Technical Degree in Software Development.

I work at the Press Office of the Ministry of Labor, Employment and Social Security of the Province of Santa Fe, Argentina, where I develop graphic, digital, and audiovisual communication materials for institutional projects.

I define myself as a proactive, adaptable, and team-oriented professional, with a strong interest in continuous learning and in adding value to every project.

I invite you to review my CV on the following page and to visit my website to learn more about my projects.

Sincerely,
Román Ríos
